

Cataract Surgery Checklist

We realize that surgery is a unique experience for everyone. Dr. Lin and his staff would like to make your experience as pleasant, and safe as possible.

The more you know about your surgery and recovery process, the more prepared you will be.

To ensure you have all the information you need, please log onto our website to review helpful resources prior to your preoperative visit.

Check off as you go and bring this form with you to your next visit.

Having reviewed the information on our website, you can discuss any further concerns or questions you have with our capable technician.

1. Log onto our website: www.pacificyecare.com
2. Watch cataract video. It's under the "cataract patients" menu.
3. Review surgery packet information
4. Arrive at preop with a decision of which lens you have selected
5. Bring any questions you want answered

Your questions and notes: _____
